## How To Measure

## Special Order

**Width:** Measure overall finished opening width from jamb to jamb.

**Height:** Measure overall finished opening from jamb to floor.

**Note:** A standard 3/4" clearance is built into the door height, so make sure to provide actual overall finished opening height for your doorway.

### Single Fixed-Jamb Door

Stacks compactly and attaches permanently to either jamb

### Joining Pair of Fixed Jamb Door

Attaches and stacks at opposite jambs, join in center.

### Double End Post Door

Stacks and latches to either jamb. Also available in multiple pairs.
