

## **Spectrum Folding Doors**

#### Instructions for Double or Single Doors

Mount Spectrum lock on either side of the door opening and at any height desired.

### **Single Door Lock Installation**

Step 1 Locate Door Lock jamb casing. Using holes A, mount to door jamb with two screws provided. See figure 1.

1" x 4mm x 2

### Step 2

Select hook according to folding door styles as follows: Long hook door styles: Encore, Luxtra, Woodshire, Oakmont, and Panache. Short hook door styles: Horizon, Via, Contempra. Figure 2.

#### Step 5

Pull door closed and with hook extended, place latch pin in position. With a small nail, mark location of screw holes into lead edge of door. See figure 5..

Fig. 5

### Step 6

Remove latch pin. Using a 1/4" drill bit, slowly drill straight through door. See figure 6.

Fig. 6

### Step 7

From opposite side of the door, insert anchor piece. Reposition latch and attach with two screws provided. Tighten gently. See figure 7.

# **Spectrum Folding Doors**

### **Double Door Lock Installation**

Step 1

Locate Door Lock jamb casing. See figure 1. Using holes B, mount to side of folding door, flush to door edge with 2 (two) screws provided. Follow Steps 2 thru 7 to complete installation.

5/8" x 3.5mm x 2
